Who We Are

Kids' Chance of California is a 501(c)3 non-profit charitable organization whose mission is to provide need-based educational scholarships to the children of California workers who have been fatally or seriously injured on the job.

Why Kids' Chance?

According to the U.S. Bureau of Labor Statistics, there were 5,486 fatal occupational injuries in the United States in 2022 (5.7% increase from 2021) with 504 in California alone. Workplace injuries represent unsafe working conditions. Serious accidents can have a devastating impact on families, especially children, as parents must face the hurdle of funding their children's education—the key to their future and ours. Together, with your help, we can make a difference in California.

Juliana

"My dad's injuries do not allow him to work, and my mom is his primary caregiver. With that, we live on an extremely limited income. My sister and I both attend Fresno Pacific University to be close to home. Kids' Chance has given me and my family the peace of mind of covering the costs of attending a private university and has helped me to finish my degree."

Marleen

"I currently attend the University of California at Merced, and am pursuing a career in the medical field.the loss of a parent can make college that much harder. Not only do I carry the academic pressures of a normal college student while grieving a loss, but now I also carry a financial burden of paying for college on my own. The Kids Chance Scholarship to me is not just a financial investment but a powerful encouragement that motivates me to work even harder towards my educational goals."

Supporting Families of Injured Workers

Ashley

"I am truly honored to be a recipient of a KCOCA scholarship. Being blessed with this opportunity will allow me to pursue my passion for marketing. KCOCA is an amazing organization and I am very grateful for their financial support. Thank you for helping me further my education at USC and making my dream a reality. Fight on!"

Carson

"I attend the University of Health Sciences & Pharmacy...majoring in Pharmaceutical Sciences. Being able to receive the Kids' Chance scholarship is truly such an amazing opportunity given to me, and I am forever thankful for that. With the loss of a parent, times can get tough both personally and financially..."
