KIDS' CHANCE OF CALIFORNIA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Kids' Chance of California (a non-profit Organization) ("the Organization") is presented to assist in understanding the Organization's financial statements. The financial statements and notes are representations of the Organization's management who is responsible for their integrity and objectivity.

Organizational Activity

Kids' Chance of California (a non-profit Organization) was formed in 2012 to provide need-based scholarships to the children of injured workers in California. Revenue is generated principally from sponsorships and donations.

Method of Accounting

The accounting records are maintained, and these statements are presented, on the income tax basis of accounting. Consequently, certain revenues are recognized when received and certain expenses when paid. It differs from accounting principles generally accepted in the United States of America primarily because the Organization does not recognize assets and liabilities when earned or incurred and their related effects on revenues and expenses.

Basis of Presentation

The Organization reports information regarding its financial position and activities according to two classes of net assets that are based upon the existence or absence of restrictions on the use that are placed by its donors: net assets without donor restrictions and net assets with donor restrictions.

Net assets without donor restrictions are resources available to support operations and not subject to donor restrictions. The only limits on the use of net assets without donor restrictions are the broad limits resulting from the nature of the Organization, the environment in which it operates, the purposes specified in its corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Net assets with donor restrictions are resources that are subject to donor-imposed restrictions. Some restrictions are temporary in nature, such as those that are restricted by a donor for use for a particular purpose or in a particular future period. Other restrictions may be perpetual in nature; such as those that are restricted by a donor that the resources be maintained in perpetuity.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

The Organization's unspent contributions are reported in net assets with donor restrictions if the donor limited their use, as are promised contributions that are not yet due.

All donor-restricted support is reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Statement of Cash Flows

The statement of cash flows is presented using the indirect method, which accounts for the difference between the change in net assets and cash flows.

The Organization considers all cash and other highly liquid investments with initial maturities of three months or less to be cash equivalents.

Income Taxes

The Organization qualifies for tax-exempt status under Section 501(c)(3) of the Internal Revenue Code as a not-for-profit corporation. The Organization utilizes the cash method of accounting for tax purposes. The Organization has also been classified as an entity that is not a private foundation within the meaning of Section 509(a).

The Organization believes that its income tax filing positions will be sustained upon examination, and accordingly, has not recorded any reserves or related accruals for interest and penalties at December 31, 2025 for uncertain tax positions. It is the Organization's policy to record interest and related penalties in the statement of revenues, expenses, and changes in net assets should they be required to be recognized in the future.

The Organization files income tax returns in the U.S. federal jurisdiction and the California state jurisdiction. The Organization is no longer subject to U.S. federal examinations by tax authorities for tax years before 2023. The company is no longer subject to California state examinations by tax authorities for tax years before 2022.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The Organization uses estimates and assumptions in preparing financial statements in accordance with tax basis of accounting. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that management uses.

Advertising

Advertising is expensed when paid. There was no advertising costs for the year ended December 31, 2025.

Functional Allocation of Expenses

The costs of providing program services and supporting services have been summarized on a functional basis in the statement of activities. Supporting services include management and general expenses that are not directly identifiable with any specific function or program but provide for the overall support and direction of the Organization. Accordingly, certain costs have been allocated among the program and supporting services benefited based on the purpose of the specific activity.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

NOTE B – NET ASSETS WITH DONOR RESTRICTIONS

Net assets are released from donor restrictions by incurring expenses satisfying the purpose restrictions specifically by the donor.

NOTE C – DONATED SERVICES
